If you or your family is sick, please call me and let me know. You will be excused from Support Group.

****We have Social Security coming to talk to us in April. Please have all questions ready due to limited time.**

There are no known allergies at this time, if this changes within the family please let me know so we can get a meal for that person.

If you are interested in a PERS (Personal Emergency Response System) Button, please let me know. These are similar to the life alert buttons. There is no cost, if you are on our program.

Please call me or email me with any questions about anything. If I can't help, I will find resources in the community that might be able to help.

Older Relative Caregiver Program

If you are, or know of, an older relative who is caring for a younger relative, Community Action of Laramie County has openings for our Older Relative Caregiver Program.

This program connects caregivers to resources in the community, offers a monthly support group and dedicated case management to ensure the success of the family. Our mission is to instill a sense of hope and support to a changing family unit.

Approved Project Hope participants enter into a 1 year contract to receive intensive case management services to enhance life skills, achieve and maintain their housing, build social skills and community relationships and to address their individual needs with the goal of becoming self-sufficient.

Working in close partnership with the Cheyenne VA Medical Center, our Veteran Housing Services provides short-term housing for homeless veterans as they work with case managers to secure permanent housing.

Crossroads Healthcare Clinic provides primary medical care, mental health services and substance abuse services to individuals and families who are currently homeless and a small percentage of low-income persons who are currently housed.
